Fees and Payment Policy

Fees and Insurance

To maintain high quality, responsive services that maximize your privacy, Guiding Compass Counseling does not participate as a network provider with insurance plans. However, many insurance plans provide reimbursement for out-of-network mental health services. Your counselor will provide a receipt for services that includes all of the information needed to file for reimbursement with your insurance carrier. Check with your insurance provider as to whether or not your plan provides out-of-network mental health benefits.

Professional Fees

A typical session lasts between 45 minutes and 1 hour. If requested, an extended session for adults and groups may last 80 to 90 minutes. The number of sessions depends on many factors unique to each person. Therefore, the number of sessions needed will be decided by you and your counselor.

Initial Consultation	No charge
Counseling Session	\$135
Adult, Adolescent, Child, Couple, Co-parents	
Extended Session	\$200
Group Therapy	\$100 per person
Consultation	\$40 per 15 minutes
School, Phone, Legal reports	
Court Appearance	\$1,800 per day

Payment for Services

You are responsible for paying at the time of your session unless prior arrangements have been made. No subsequent sessions will be scheduled if there is an outstanding balance.

We accept many major forms of payment, including credit cards, debit cards, checks and cash. Please be aware that you will be held responsible for bank fees associated with any checks returned by the bank.

Cancellation of Scheduled Appointments

Once an appointment is scheduled, that time is reserved for you. If you are unable to attend a session, contact your counselor at least 24 hours in advance and there will be no charge. For sessions missed with less than 24 hours' notice, the regular fee will apply.
